

## Installation instruction of “Day-Night” cassette roller blinds

1. Remove the side covers from the cassette blinds.

2. Place the cassette horizontally between the side beads and screw the blind mechanism through the mounting holes.

3. Before installing side guides, clean the window beads. Remove the adhesive tape from the side guides.

4. Attach side guides on the window bead.

5. Replace the side covers on the cassette blind.

6. Use the chain limiter to adjust correctly the upper and lower position of the fabric.

7. Attach the chain counterweight.

8. Screw the chain holder to the window frame at the desired height. Attach the control chain.
